Dear Mr. Stead;

I am writing to express my appreciation to you for the recent assistance rendered one of our investigators.

Constable Jim Burton has briefed me on the "[REDACTED]" file and detailed your significant contribution to the successful conclusion of this file. Jim assures me that your knowledge and contacts in the investigative field combating child pornography was a definite asset in the swift action taken by our Australian colleagues in this matter.

I am aware of your history and dedication to eradicating this horrible activity and am humbled by your efforts.

Please be assured of our cooperation in any future matters of mutual interest.

Sincerely
